Tektronix

CALIBRATION SERVICES
## Easy, Expert, Done.

Industry-Leading Capability, Delivered in a Program Built for You

As your partner, Tektronix collaborates with you to develop a flexible program to calibrate some or all of your equipment. Augment your internal lab or consider outsourcing it all to Tektronix and reduce your time, cost, and hassle of managing multiple vendors. Leading organizations around the globe rely on Tektronix to calibrate 140,000+ unique T&M instruments from 9,000+ manufacturers including:

- Tektronix, Keithley, Fluke
- Keysight
- Rohde & Schwarz
- Anritsu
- National Instruments

Your Team for Fast, Quality Calibrations

With over 75 years of providing calibration services, count on Tektronix for the quality and expertise of calibration you can only get from an OEM of electronic test and measurement (T&M) equipment. Tektronix works as an extension of your team, delivering cost-effective, tailored programs that satisfy the most demanding turnaround and quality requirements.

Quick, Dependable Turnaround Times

Tektronix provides efficient, expert service that meets your schedule and complements your business model. Permanent or temporary onsite service, convenient pickup and delivery, priority shipping to factory – we offer it all. Smooth your scheduling and maintain your uptime with Tektronix.

Quality and Accuracy Every Time

Our team understands your requirements and our comprehensive quality system is unmatched. Choose from multiple NIST-traceable certificate options, including ANSI Z-540.1 and ISO/IEC 17025, making it easy to pass audits.

Manage it All with CalWeb Software

CalWeb connects you to Tektronix calibration service to free you from manual calibration and service management. Simplify your workflow, eliminate overdue calibrations, and streamline audit compliance with CalWeb. Accessing your most important data and managing all your assets with CalWeb saves you both time and complexity, so you can better focus on serving your customers.
